

CITY OF LYFORD

NOTICE TO RESIDENTS

Thank you for the residents who keep their yards mowed and maintained. This keeps our town looking beautiful and keeps all the mosquitoes controlled. However, there are those property owners that are not abiding by the rules and are neglecting their yards and empty lots. The City is now giving out warnings and citations for those not abiding and for those who have not responded, the City will be force cleaning their properties. What this means is that when a property owner does not respond to warnings and citations and does not maintain their properties, the city will clean the property and charge the owner for the equipment and labor used. If the owner does not pay, there will be a lien placed on that property. So please maintain your yards and or empty lots.

Thank you,
Rick Salinas, Mayor
